

The Eclectic

South Pasadena's
Eclectic Music Festival
and Arts Crawl

The Eclectic 2019 Shoot list

Here are photos that are most useful for us that you can shoot:

1. **Horizontal** (landscape) images are best for our website. *This is the preferred format,* although some verticals (portrait) are useful too.
2. **Our talented performers on stage** – we need some great pics of the Gin Blossoms and all the other headliners and acts from each stage.

3. **Wide Stage shots** – preferably images that show the stage and a crowd watching the performance. Scenes from behind the stage looking forward are really useful, like this year's website masthead photo by Cyndi Bemel.

4. **Crowd Shots** – pics that show the kinds of crowds that attend The Eclectic; large crowds or intimate venues, young or old, Millennial party goers or family-friendly groups.

5. Individuals or groups having fun or goofing off for the camera – and don't forget to snap some pics of our volunteers!

6. **Art Walk events** – pics showing people attending and admiring the art venues

7. **Artisans' Alley** – pics showing numerous Artisans showing their wares.

8. **Host storefronts** – Many of the merchants in town open their stores for music and art. Pics that show their storefronts with people, or interior shots that show
